

**URGENT: WE NEED YOUR HELP**

THE ENLIGHTEN FOUNDATION

Our Enlighten Learning Center in  
*Harare* IS UNDER SIEGE.

Our Enlighten community in Harare, Zimbabwe has been hit hard by the Covid-19 pandemic. Over the past month, our team has been working day and night, turning the church into a clinic to help those impacted by this dreadful virus.

Currently, we're on our sixth tank of oxygen. And with every bed taken, there are now people sleeping on the church floor. We have one full-time doctor, 4 full-time nurses who split morning and night shifts, and a team of 20 volunteers who take turns working day and night shifts. In addition, there are cleaning and cooking teams to help ensure a

sanitized environment, and adequate meals to help keep up the strength of both victims and volunteers.

Thus far, more than 60 people have come through the church “clinic,” some of whom have stayed for several weeks. Each person has been fed, clothed, prayed over and taken care of medically. Despite the efforts of our team, two older adults, 1 young woman and a 7-year old boy have succumbed to the disease. Without a ventilator in the region, a lack of personal protective equipment, and no available way to

test patients throughout the entire country, the work of our Enlighten team has been nothing short of a miracle for the community.

**It has taken thousands of dollars to help them through this pandemic, and it’s still not over. We desperately need your help. EVERY single penny that you **GIVE**, goes directly to the purchase of food, medicine, bedding, water, oxygen and protective equipment for our volunteers.**

**Click [HERE](#) to Help us REACH our \$3,000 goal!**

**I will keep you informed as we continue through this crisis.**

Thank you and God Bless.  
Love, Anne
